Maui Oceanfront Marathon
(Wailea to Kamehameha Iki Park, Lahaina)

Two hours before race time a vehicle severed a power pole at about the 6.4 mile mark of the Marathon course.
The Maui Police closed the race course at that point.
The Marathon course was rerouted Up Lipoa to the Piilani Hwy, northward to Uwapo Rd, and then back down to the South Kihei Rd. marathon course. It is estimated by runners using their GPS watches to be one mile longer or 27.2 miles.
The rerouted course also caused an additional hill and climb.

On Tuesday, January 27, 2009 the course detour was measured between Mile 8 and Mile 4 and calculated to be 4.97 miles making the course exactly .97 longer than 26.2 miles.
The course detour came with an extra hill rising 62' over the first 6/10th of the detour and an eventual elevation gain of 77' before returning to the original course of near sea level.

It is said that the Boston Marathon in order to qualify will accept a proportional time in situations like this.

To figure your proportional marathon time, subtract your 1 Mile Pace time from your total finish time listed below and your will have your marathon time for this 27.17 mile marathon.
